Member of FMCA Review Council for 2 years.

FRVC Chapters:  
ROADTREK International  
SOI International

I worked for the Telephone Co. for almost 40 years. My time there was climbing poles, hanging wire, installing telephones, and making site visits for pay telephones. I was a First Line Supervisor and supervised 15 telephone installers; and was a furniture layout person for 2 states and served as Building Service Manager for 2 states for many years.

Bonnie and I have been married for 61 years and have two sons. I serve on many committees at my church.

FRVC Goals:  
With the knowledge of working with people and solving problems, I think the growth of FRVC is in our younger membership. We need to attract younger members and retain their interest in our goals. So let's go forth with fresher ideas and grow the membership.

It's an honor to be nominated for this position. Thanks for your vote.
